

Andrews & Arnold Ltd

HOME::1 BROADBAND F*CK FILTERING

Home::1 from AAISP is broadband that comes without unpleasant 'extras' like filtering, carrier grade NAT and offshore call centres. The service comes with one static real IPv4 address and a block of real IPv6 address space. In short, Internet the way it was meant to be.

FROM £25 A MONTH ★ NO CENSORSHIP ★ REAL IPv4 & IPv6
GREAT UK BASED SUPPORT BY LINUX USERS ★ CLEAR DRIPA POLICY

OFFICE::1 BROADBAND BUSINESS GRADE CONNECTIVITY

Two dedicated broadband lines; two modems plus a spare, a FireBrick bonding appliance/router and a 3G dongle for failover are the ingredients that make up Office:1 Broadband from Andrews & Arnold.

- Highly redundant connectivity
- No censorship
- Real IPv4 and IPv6
- Pro-active line monitoring
- Staff who use Linux daily

Please tear off and hand in to an ORG staff member or post to: **Open Rights Group, Langdale House, 11 Marshalsea Road, London SE1 1EN**

WE ARE F-SECURE

We are fighting for digital freedom.

Why are we sponsoring ORGCon? Well, technology today is very different from when we started working with internet security 26 years ago. We see the values of privacy and freedom are being eroded and believe this must stop. We are adding our voice to that of the Open Rights Group to make the Government sit up and pay attention.

We know that the Government (and snooping marketing companies) won't stop monitoring us online overnight. With this in mind, we have developed F-Secure Freedom – a VPN app which makes you anonymous and untrackable online.

Come to our stand to find out more, get a free trial or ask our technical experts any other questions you may have.

Stamford Street entrance

Drinks and food will be served in the cafe on the first floor all day.
